Dartmouth Medicine seeks to convey the breadth and depth of the education, research, and clinical activities of DMS and DHMC; to serve as a publication of historical record; to stimulate thought and discussion on issues in medicine and medical education; and to reflect the range of opinions and activities among Dartmouth medical students, faculty, and alumni. Abbreviations used here include DMS (Dartmouth Medical School), DHMC (Dartmouth-Hitchcock Medical Center), DH (Dartmouth-Hitchcock), MHMH (Mary Hitchcock Memorial Hospital), and DC (Dartmouth College). The opinions of contributors do not necessarily reflect those of DMS or DHMC.

Dartmouth Medicine is published four times a year—the Fall issue in mid-September, Winter in mid-December, Spring in mid-March, and Summer in mid-June.

We are happy to send Dartmouth Medicine—on a complimentary basis—to anyone with a U.S. address who is interested in the subjects we cover. Call or write (see below) if you’d like to be added to our rolls.

Our mailing list comes from seven separate databases, so some readers may receive more than one copy. Please share extras with someone else, or let us know the name and address of the subjects we cover. Call or write (see below) if you’d like to be added to our rolls.

The contents of this magazine may not be reproduced without permission, but we are often able—and glad—to extend such permission.
