

features

**EFFECTIVE, SAFE, AFFORDABLE**  
BY SUSAN GREEN

Teaching students how to balance benefit and risk when prescribing.

**CLOSING THE GAP**

BY TIM DEAN, JENNIFER DURGIN,  
AND SUSAN GREEN

Geisel's new Williamson Translational Research Building helps speed discoveries from lab to clinic.

**AN EYE ON MICROGRAVITY**

BY SUSAN GREEN

Jay Buckley's lab is investigating microgravity's effects on the eye.

ON THE COVER

The Williamson Translational Research Building connects research and clinical programs.
